

North West Fungus Group Foray at Aberduna 25th July 2021

Polyporus leptcephalus	Blackfoot Polypore	Corylus avellana twig
Puccinia circaeae	Enchanters Nightshade Rust	Circaea lutetiana
Fuscoporia ferruginosa	Rusty Porecrust	Corylus branch
Annulohyoxylon multiforme	Birch Woodwart	Betula branch attached
Hymenoscyphus fraxineus	Ash Dieback	Fraxinus excelsior twig fallen
Scutellina legaliae	a rare Eyelash fungus	soil
Kuehneromyces mutabilis	Sheathed Woodtuft	Fraxinus excelsior stump
Puccinia caricina var. ribesii-pendulae	Rust on Pendulous Sedge	Carex pendula
Xylaria longipes	Dead Moll's Fingers	Acer log
Hypholoma fasciculare	Sulphur Tuft	Corylus stump
Mycena galericulata	Common Bonnet	Fraxinus stump
Phlebia (was Mycoacia) uda	Spiny yellow resupinate	Corylus branch
Lentinus (was Polyporus) brumalis	Winter Polypore	Fraxinus twig
Rhytisma acerinum	Sycamore Tarspot	Acer pseudoplatanus leaf
Stereum hirsutum	Hairy Curtain Crust	Corylus stump
Hypoxyton fuscum	Hazel Woodwart	Corylus branch dead
Trochila ilicina	Holly Speckle	Ilex leaf fallen (upperside only)
Coprinopsis conioophora	Tiny rare Inkcap	Fraxinus & Corylus
Schizopora paradoxa	Split Porecrust	Betula log
Mollisia cinerea	Common Grey Disco	Corylus log
Skeletocutis semipileata (was nivea)	Hazel Bracket	Corylus branch
Trichoderma pulvinatum	Ochre Cushion	Fomitopsis betulina
Fomitopsis betulina	Birch Polypore	Betula log
Podosphaera senecionis	Ragwort Rust	Jacobaea vulgaris
Gymnosporangium confusum	Rust on Hawthorn	Crataegus leaf att.

<i>Rhopoglyphus filicinus</i>	Bracken Map	<i>Pteridium aquilinum</i> stem
<i>Amanita rubescens</i>	The Blusher	soil under <i>Fagus</i>
<i>Xylaria carpophila</i>	Beechmast Candlesnuff	<i>Fagus sylvaticus</i> cupule fallen
<i>Russula ionochlora</i>	Oilslick Brittle Gill	soil under <i>Fagus</i>
<i>Hymenochaete corrugata</i>	Glue Crust	<i>Corylus</i> branches stuck together
<i>Suillus luridus</i>	Lurid Bolete	soil under <i>Fagus</i>
<i>Inocybe posterula</i>	an uncommon Fibrecap	woody debris
<i>Phragmidium violaceum</i>	Violet Bramble Rust	<i>Rubus</i> leaf attached
<i>Phanaerochaete sordida</i>	a creamy white resupinate	<i>Corylus</i> branch att.
<i>Hypoxylon rubiginosum</i>	Rusty Woodwart	<i>Fraxinus</i> branch att.
<i>Vuilleminia coryli</i>	Hazel Woodwart	<i>Corylus</i> branch att.
<i>Fuliga septica</i>	bright yellow slime mould	Bryophyta on log
<i>Stemonitis fusca</i>	a beautiful slime mould	<i>Corylus</i> log sawn
<i>Arrhenia retiruga</i>	Small Moss Oysterling	Bryophyta

Thirty nine species despite the drought. John Ratcliffe.
